Professional Summary

Full stack developer with over two years of experience in developing and managing web applications

Successfully executed multiple personal projects and internships at different startups.

Education

Bachelor of Science: (B.Tech), Computer Science & Engineering
Lovely Professional University
2024 to 2028

My Skills

- **Frontend:-** React.js, JavaScript, JQuery, CSS, HTML, Tailwind
- **Backend:-** Node.js, Express, MongoDB, MySql
- **Other:-** React Native, Java, MERN

My Other Projects

Price Comparison Website (comparison.bhemu.me)

- Developed a price comparison tool, scraping data from Amazon, Flipkart, croma, and other platforms,
- Implemented data scraping from multiple e-commerce sites to compare prices, ensuring users find the best deals efficiently.

SharpLearn (sharplearn.bhemu.me)

- Developed SharpLearn, an e-commerce platform for buying courses.
- Integrated features such as add to cart, buy now, and course details.
- Designed a double portal system for admins and users, enabling efficient course management and improving administrative productivity

Bhemu Notes (notes.bhemu.me)

- Created Bhemu Notes, an advanced note-taking app with enhanced features.
- Implemented features such as export note, folder to keep them organized, shortcut support, and note sharing.

EXPERIENCE

Reactjs Development, Auric Touch LLP

- Setup Auth-based features by extracting permissions from the JWT claim.
- Developed and implemented advanced settings like maximum exposure by position.
- Integrated React.js, Tailwind, MUI, and JavaScript in development.

Full Stack Development, Indian Institute Of Technology Patna (IIT Patna).

- Developed a facility evaluation system for the college IITP.
- Designed and implemented software architecture for the entire project.
- Utilized React, Nodejs, ExpressJS, and MySQL for full stack development.

Frontend Developer, BeAWiz

- Resolved CSS issues and enhanced website responsiveness.
- Integrated Captcha to the login page.
- Worked on PHP, HTML, CSS
